

Biodiversity Video Guide – Worksheet

<https://youtu.be/0-PE3ve3w2w>

As you watch the video, answer the following questions on your own paper using complete sentences or copy the question and write the answer.

1. What is biodiversity?
2. What is keystone species?
3. What do you think is a keystone species in our biome?
4. Why should we work to protect biodiversity in all ecosystems?

“The one process ongoing that will take millions of years to correct is the loss of genetic and species diversity by the destruction of natural habitats. This is the folly that our descendants are least likely to forgive us.” –E.O. Wilson

5. What is E.O. Wilson talking about in his quote? Does this affect how you think about our world? How?
